Education	 University of Oxford, PhD. Engineering Science. Starting Oct 2018 Control Theory, Reinforcement Learning, Algorithmic Fairness, Deep Learning, Bayesian Neural Networks, Meta-Learning 	Oct 2022
	 University College London, MSc. Computational Statistics and Machine Learning. Grade: 75% With Distinction (GPA equiv: >4.0) Thesis: A Unifying Perspective on Ranking Matrics: A Consistent Framework for Learning to Rank Via Quadratic Assignment, supervised by Massimiliano Pontil and Carlo Ciliberto, Distinction Unsupervised Learning, Supervised Learning, Deep Reinforcement Learning, Natural Language Processing, Statistics 	Sep 2017
	 University of Amsterdam, BSc. Mathematics. Grade: 7.6 With Honours (approx. top 15% plus an extra semester worth of honours classes) Thesis: Nonparametric Bayesian Inference of Inhomogeneous Poisson Process Intensities, 1st Functional Analysis, Quantum Mechanics, Topology, Algebra, Measure Theory, Markov Chains 	Sep 2016
Work Experience	 Italian Institute of Technology, Research Fellow. Supervised by Massimiliano Pontil Preprint: Better and Fairer Models Via Multitask Learning, accepted to ICML AutoML 2018, withdrawn as none of the authors could be present 	Oct 2018
	Lazard, Investment Banking Intern. • Benelux coverage team	Feb 2018
	 Sparkwave, Machine Learning Engineer Contractor. Built a vector-space representation of the similarity of colours using Neural Networks in Tensorflow part-time as a remote contractor 	Dec 2017
	 SET Ventures, Venture Capital Intern. Performed analyses on the smart-energy market, gave several recommendations which led to a change in investment focus 	Sep 2016
	 747 Capital, Private Equity Intern. Performed investment analyses, wrote internal investment memos, worked directly with the partners in the evaluation and execution of a portfolio fund investment and co-investment 	Sep 2015
Additional Activities	University of Oxford, Volunteer.Research at the Future of Humanity Institute	Aug 2014
	TEDx, Speaker.Gave a talk on the lack of effectiveness in the non-profit sector	Mar 2016
	 Effective Altruism Society, Co-founder. Organised and promoted events with high-profile speakers such as Joshua Greene from Harvard, Moral Cognition Lab, and Alan Fenwick from Imperial College London, SCI 	Sep 2016
Awards	Socrates Honours Society: Ranked top 10% nationally for highest average grade out of all pre-university students (approx. top 1% overall) Biology Olympiad: Top 10% nationally for highest average grade out of all pre-university students J.P. Morgan Data Science Competition: 4th placement out of 100 elite university students, offered a fast-track hiring trajectory Oxford-Man Scholarship: Funding for a PhD in Engineering Science at Oxford Financial Computing Scholarship: Funding for a PhD in Computer Science at University College London Roth Doctoral Scholarship: Funding for a PhD in Mathematics at Imperial College London
